1. The following is an examiner's statement of reasons for allowance: The amendment filed 11/17/05 places the claims in condition for allowance. That is, the prior art fails to teach the germanium compound now required by the claims and there is nothing that would lead the skilled artisan to modify the germanium compound in Mager et al. such that it meets the compound now claimed. Since claim 1 is now in condition for allowance, claims that depend thereon are likewise allowable. Thus the claims now pending that had been withdrawn from consideration have been rejoined.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret G. Moore whose telephone number is 571-272-1090. The examiner can normally be reached on Monday to Wednesday and Friday, 10am to 4pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on (571) 272-1302.
